EXPERIENCE

User Experience Designer & Front End Engineer

Department of Commerce Data Service | Washington, D.C.

January 2016 – present

Interface with clients to scope, plan, and execute projects using agile methodology. Assess client needs through stakeholder interviews, user research, and persona identification. Create wireframes and high fidelity prototypes, and determine functionality of products through in-person and online usability testing. Implement human-centered design thinking practices across all multi-disciplinary projects.

Web Project Manager

Operation Lifesaver | Alexandria, VA

August 2015 – January 2016

Manage project prioritization and completion between OLI and their web vendor. Troubleshoot web solutions and provide feedback for improvements. Create simple solutions to communication issues between OLI volunteers and OLI staff.

Web Content Manager

CEB | Arlington, VA

August 2015 – December 2015

Migrate content from current website into Adobe Experience Manager (AEM) at a rate of 15-20 pages per day. Document CMS bugs and work with the team to troubleshoot those issues. Learn and follow CEB's branding and SEO guidelines.

Front End Web Developer

JMU Technology & Design | Harrisonburg, VA

August 2014 – May 2015

Built and maintained University Unions websites using Wordpress. Advised clients on project feasibility and completion. Served as UI/UX designer for web team projects. Collaborated with graphic designers to create mockups for website redesigns.
