EXPERIENCE

Front End Engineer & UX Designer

Department of Commerce Data Service | Washington, D.C.

January 2016 – present

Interface with clients to scope, plan, and execute projects. Conduct user research, identify personas and user goals for new products. Create wireframes and high fidelity prototypes, and conduct usability testing on the products we build. Code and design in an iterative and agile process.

Web Project Manager

Operation Lifesaver | Alexandria, VA

August 2015 – January 2016

Manage project prioritization and completion between OLI and their web vendor. Troubleshoot web solutions and provide feedback for improvements. Create simple solutions to communication issues between OLI volunteers and OLI staff.

Web Content Manager

CEB | Arlington, VA

August 2015 – December 2015

Migrate content from current website into Adobe Experience Manager (AEM) at a rate of 15-20 pages per day. Document CMS bugs and work with the team to troubleshoot those issues. Learn and follow CEB's branding and SEO guidelines.

Front End Web Developer

JMU Technology & Design | Harrisonburg, VA

August 2014 – May 2015

Built and maintained University Unions websites using Wordpress. Advised clients on project feasibility and completion. Served as UI/UX designer for web team projects. Collaborated with graphic designers to create mockups for website redesigns.
